CS 192 Software Engineering II
Lessons Learned Report

Prepared by: Miguel Luis G. Posadas

Date: April 30, 2017

Developer's Group Name: 2 Sabaw Guys

Project Name: Wi-Finder

Sprint Number: 5

1. What were the main lessons your team learned in this sprint?

We finished the work last sprint and moved on to debugging and improvements a bit ahead of schedule.

2. Describe one example of what went right in this sprint.

The program worked well with the given constraints.

3. Describe one example of what went wrong in this sprint.

We weren't able to push it on time.

4. What will you do differently on the next sprint based on your experience working on this current sprint?

Just remember to push our work on time.
